ABOUT THE PROJECT

Located near the Reno International Airport in an area that's experiencing a surge of redevelopment, Pinyon Apartments offers an exciting, new affordable housing opportunity. Designed as a place of respite, the community is comprised of two buildings that have a calming color palette accentuated by natural materials including wood and brick. Each building surrounds a lushly landscaped courtyard that provides the perfect place for gathering and relaxation. Residents can easily move throughout the community via a bridge that connects the two buildings and creates a signature architectural statement.
